14th February 2022

Dear Parents,

The **Climate Science Olympiad** is a FREE global competition; engaging youth aged 12–25, is organised by Climate Science, a UK-based educational charity. There is a US \$15,000 prizes pool for the top 10 teams with opportunity to speak at the **United Nations Climate Summit, COP27** held in Egypt. **Age groups: 12–16, 17–20, 21–25.** You can participate in solo or in a team of two.

Mode of Exam:

The competition will be held online and conducted in 4 stages. All stages are **FREE**. The students can directly register for the **FREE** Olympiad.

Registration Link – <https://cso22.climatescience.org/signup?partner=iof>

Stage 1: Qualifiers (Jan–Aug 2022): Multiple choice questions, online/at school, 25 minutes

Stage 2: Quarter Finals (Jan–Aug 2022): In-depth Multiple choice questions, online, 25 minutes

Stage 3: Semi-finals (March–Aug 2022): Case study competition, online, 3 hours

Stage 4: Finals (Sept–Oct 2022): Case study proposal + presentation, online, 1 week, 20 minutes interview

Benefits for participants:

- All participants will be awarded an e-Certificate.
- Participants must seek innovative solutions to problems related to climate change, a process in which they develop skills such as problem solving, research, analysis, synthesis and autonomous learning.
- Chance to win a prize of **\$ 15000** and Opportunity to speak at **COP27** held at **Egypt**.
- To prepare, students can use **CS Quiz** app and **CS** courses.
- Students will also get a special invitation to join the Olympiad Discover server and interact with participants globally.
