So, furnish the below mentioned particulars carefully. **Incomplete form will not be accepted for registration.**

Requirements:

1. Passport size photographs in Blue Uniform. (Write Name and Date of Birth on the backside of Photo)
2. Registration Fee: SAR 50 /- (including VAT).
3. Tuition Fees to be Cleared April - August 2024.
4. Last Date of Submission: Tuesday, 10th September 2024

Best Wishes!

PRINCIPAL

Student's Details as per PASSPORT (Attach Passport Copy)

Student's name (in capital letters): _____

Mother's name (in capital letters): _____

Father's name (in capital letters): _____

Date of birth (As per passport): _____

Mobile #: _____ Email ID: _____

Passport #: _____ Date of Issue: _____ Date of Expiry: _____

GR #: _____ Class & Section: _____ Date of Admission: _____ CATEGORY: **Gen/SC/ST/OBC**
{Gen (General) / SC (Schedule Caste) / ST (Schedule Tribe) / OBC (Other Backward Class)}

Person with Disability: NA/ BB/ BL/ CA/ CS/ DD/ DH/ DS/ HA/ HC/ HD/ HL/ HM/ LA/ LE/ LF/ LL/ LN/ LS/
SB/ SD/ SM/ SN

Subjects:

1. English
2. Hindi / Arabic (any one)
3. Mathematics Standard/ Mathematics Basic (any one); (Refer Annexure-1)
4. Science
5. Social Science

Annual income of Mother & Father: **Indian Rupees** _____; Only child of the parents: **Yes / No**

Whether admitted directly to Class 9 in School: **Yes / No**

Signature of Parent: _____ Signature of the Student: _____

CBSE introduced Two Levels of Mathematics for All India Secondary School Examination (Class X), the two levels are designated as **Mathematics Basic (241)** and **Mathematics Standard (041)**. The nomenclature for the two examinations will be: **Mathematics-Standard** for the existing level of examination and **Mathematics-Basic** for the easier level of examination.

The students of Grade -9 shall opt this level at the initial stage itself and shall be registered during the CBSE Registration process. The syllabus, classroom teaching and internal assessment for both the levels of examination would remain the same, so that the students get an opportunity to study the whole range of topics throughout the year and are able to decide upon the level of Board Examination depending upon their aptitude and abilities.

Also be informed that once the Level gets registered with CBSE, later it cannot be changed.

In case of failure in	Compartment Options
Mathematics – Basic	Mathematics – Basic
Mathematics – Standard	Mathematics – Standard or Mathematics – Basic

A student, who qualifies the Mathematics-Basic, shall be given an option to appear in Mathematics-Standard at the time of Compartment Exams as per the norms of the Board, in case he/she changes his/her mind to pursue Mathematics at Senior Secondary Level

Students who have passed Mathematics-Basic (241) at Secondary level are not eligible to opt for Mathematics (041) at Senior Secondary Level.

Note: Mathematics Standard will be accepted based on past score of the student in mathematics and recommendation from the Mathematics Teacher.

Recommendation by Mathematics Teacher

Name of the Teacher: _____

Opinion: Eligible to take Mathematics Standard / Not Eligible

Signature: _____ Date: _____

FAQs on Two Levels of Mathematics

Q.1. What is the difference between the Standard Level and Basic Level of Mathematics in class X Board examination to be held in 2020?

Ans: The existing Mathematics examination is the Standard Level Examination. Standard-Level and Basic-level Question papers shall be based on the same syllabus. However the Standard-Level Mathematics assesses higher Mathematical abilities compared to Basic-Level. Accordingly, the difficulty level of the Mathematics – 'Basic' is less than that of Mathematics-'Standard'.

Q.2. Are we increasing the burden on the child by introducing the concept of two Levels of Exams in Mathematics?

Ans: No, because the option to pick either Level is with the student. Further, the syllabus prescribed by CBSE will remain the same for both the levels.

Q.3. Will this lead to dilution of Mathematics syllabus/teaching?

Ans: No, the idea is to make the evaluation more students centric and reduce the pressure on the student who doesn't want to pursue Mathematics after class X.

Q.4. Can a student opt for both Standard Level and Basic Level Exams?

Ans: No. There is only one option, either Mathematics-Standard or Mathematics-Basic.

Q.5. To continue Mathematics as a subject in class XI/XII and further, which Level Exam does a student need to pass?

Ans: Mathematics-Standard is to be passed at class X, for taking up Mathematics at Sr. Secondary level.

Q.6. If a student qualifies only the mathematics-Basics in class X, can he/she opt for Mathematics in class XI/XII?

Ans: No. If he/she intends to take Mathematics in class XI/XII, he/she has to pass Mathematics-Standard.

Q.7. If a student has registered for the Basic Level Exam but wishes to appear for the Standard Level after declaration of result, can he/she do so?

Ans: Yes. He/She can appear in the Standard Level at the Compartment examination, if he/she wishes to do so after passing the Basic Mathematics Examination.
